

Training & Facilitation Certificate

AHCCCS and ATD have teamed up to offer you the premier train-the-trainer course.

This training certificate course covers the entire end-to-end training cycle, including planning and preparing a training event, managing the learning environment and engaging participants in the classroom, and following up post-event to continue to support learning. We'll cover the science behind learning as well—why and how learner needs and preferences, training techniques, classroom environment, and well-structured materials all affect learning outcomes. At the end of the course, you will have the opportunity to demonstrate your techniques in a skills training practice where you will receive feedback and guidance from peers and an ATD expert facilitator.

ATD's Training Certificate, the best-established train-the-trainer course in the talent development field, is now the Training & Facilitation Certificate. Drawing upon ATD's extensive research and experience, this program will help you become a learner-centric facilitator who recognizes and can apply all of the skills of an effective trainer.

What Participants Are Saying

“I would recommend this program to anyone who wants to learn the most up-to-date and high-tech training techniques available. The curriculum was outstanding and the facilitator for the course was an excellent example of what a professional trainer should be. Very well spent money from a company standpoint.”

—Matt Washburn,
Technical Trainer/SME

Training & Facilitation Certificate

Derived From ATD Research, Backed by Our Capability Model

The ATD Training & Facilitation Certificate program will prepare you with the knowledge and skills needed to ensure the provider workforce has the capacity, competency, and commitment to reach across Arizona to provide comprehensive quality health care to those in need.

This course is based upon the Training Delivery & Facilitation Capability of the Talent Development Capability Model™. The concepts covered in the course are reflected in the Talent Development Body of Knowledge (TDBoK™), the definitive resource for the talent development profession, covering 23 capability areas.

New and experienced trainers and facilitators from any industry and those who want to gain a comprehensive skill set for facilitating and delivering instructor-led learning events will benefit from this program.

Why You Should Attend:

- Get an overview of all phases of the training cycle from the planning phase through the evaluation phase.
- Leave with the knowledge and skills to become a participant-focused facilitator in any environment, from large-scale training events to meetings and presentations.
- Learn from a master trainer and facilitator who will demonstrate best practices in the classroom.
- Gain access to ATD-exclusive templates and tools to use in your own practice.
- Demonstrate your new skills and receive personalized, actionable feedback from your ATD expert facilitator.
- Earn an industry-recognized certificate, continuing education credits, and an ATD digital badge to share with your networks.
